

**You can help
save lives with
just a little of
your time.**

Did you know that...

- Lesbian, gay, bisexual and transgender youth are more likely to attempt suicide;
- Lesbian and bisexual women are significantly more likely to have alcohol problems;
- Gay and bisexual men are more at risk of body image disorders than heterosexual men?

The RaRE study seeks to explore the human stories behind these facts...

Understanding Health
Inequalities in
Sexual Minorities

You may be able help by telling us your story *in total confidence* if:

- You are a lesbian or bisexual woman with a history of alcohol problems;
- Or you are a gay or bisexual man with a history of body image disorder;
- And / or you attempted suicide as a young lesbian, gay, bisexual or transgender person (at least 6 years ago aged under 25);
- You are happy to be interviewed.

You will have a chance to win £50 in our prize draw.
